And Professional in Character SOME ADVANCES

Wabash Scores a Point on Pittsburg Extension Talk.

UNION PACIFIC STRONGER

Some Hesitation Still Due to Anxiety Over Result of Recent Cotton Failures.

NEW YORK, March 26.—The stock narket opened stronger, but remark-bly quiet. The first quotation of nion Pacific was % higher. Southern Pacific scored a like gain. Atchison 0se %. Prices were a shade easier for lisouri Pacific and Rock Island. Brookim Rapid Transit advanced ¼, and lopper also rose ¼. Pennsylvania rose &.

The stock market this morning has seen fairly steady at a slight improveent over last night's quotations, but to volume of business has been small id character of the dealings wholly rofessional. The only feature of the liroad list was Wabush preferred, inch advanced a point on discussion the benefits to be derived by the mpany when its extension to Pittsirg is open.

of the benefits to be derived by the company when its extension to Pittsburg is open.

Union Pacific opened stronger on a better understanding of the discussion between the different interests in the distribution of stocks e tchanged for Northern Securities stock, and in the second hour it had established a gain of over a point. Elsewhere the improvements were of little importance. There has been a languid discussion of the possibility of an unfavorable bank statement, and some hesitation is traceable to a little anxiety as to outcome of the cotton fallures. Government bonds unchanged. Other bonds quiet.

COTTON AGAIN TAKES

NEW UPWARD TURN

NEW YORK, March 26.-Although cables from Liverpool did not quite meet expectations, the local market opened firm, and well up to the high levels of late yesterday. There was suphouses had orders from distant points. Spot interests were rather free buyers of new crop months. Fresh buying came in, and July advanced to \$15.50 in ten minutes, and the market in its buoyancy looked like the conditions prevailing a week ago. Strength of new crop positions was especially noticeable, and October sold up over 12c. In the absence of a bull leader the trade was disposed to regard the advance as a healthy reflection of legitimate conditions, aithough some thought it had been a trifle overdone. houses had orders from distant points.

A novelty was introduced on the curb in the shape of Northern Securities "stubs," or contracts, for the transfer of Northern Securities stock remaining after the 99 per cent reduction in capi-tal. The first sale of these "stubs" was at 200, the price subsequently advancing to 225 and then to 250.

The banks have gained in cash during the week, according to preliminary forecasts, between \$2,000,000 and \$4,000,000. A good part of the large cash sum now held by the banks undoubtedly represents transfers of funds to New York from interior institutions for the purpose of meeting the Secretary of the Treasury's call for money from the Government depositories in order to accomplish the Panama Canal payment; but this payment, it now seems, is further off than was expected thirty days ago.

FELL ON GAS STOVE AND WAS ASPHYXIATED

While leaning over a gas stove in her kitchen yesterday morning, Miss Louisa Bowman, fifty years old, of 317 N Street southwest, was suddenly stricken with apoplexy, fell forward upon the stove and died as a result of inhaling the gas which had been turned on. She was alone in the room at the time, and some minutes passed before she was discovered. Her death occurred almost immediately, Coroner Nevitt issued a certificate of death by accident.

Mrs. Bowman was a widow and is survived by five small children. The oldest one is a boy seventeen years old. The children have no near relatives, and the police regard the case as a pitable one. sitchen yesterday morning, Miss Louis
